

XTi

CONCORDIA
BEVERAGE SYSTEMS

**Meet the
New XTi**
Intelligent.
Innovative.
Individualized.
Impactful.

The coffee i want

Convenient coffee no longer means a compromise in quality. **The XTi creates the barista quality drinks you want, without the barista!** When we set out to create a machine that made better quality drinks faster, it became clear that we needed more than an evolution: we needed to design a **re-evolution**.

With the cost of coffee going through the roof, and coffee consumption steadily increasing, a solution had to be found. The XTi gives you the full cafe experience you want in a small countertop footprint. Don't make your customers wait, give them what they want. XTi
